

JACKSONVILLE, ILLINOIS, TUESDAY MORNING, APRIL 3, 1906.

**THE SITUATION
NOT SO BAD****NO GENERAL SHUT DOWN
OF COAL MINES.****Bituminous Mines of the Pitts-
burg District Will Work On—
Prospect of Settlement With
Operators Considered Good.**

Although the greatest suspension of coal mining in the United States since the production of fuel attained its enormous total, occurred Monday, the fear of a complete slump of the industry has passed and the situation is expected to improve rapidly with each day. Reports received to night from bituminous fields show that many leading coal companies have signed the 1903 scale, which gives the men an advance of 5.56 per cent over the wages they have received during the last two years. The number of miners who received the increase is estimated at nearly 100,000.

In the anthracite regions there was almost total suspension of mining. Representatives of the operators and miners will meet in New York to day for discussion of differences. No disorder of any consequence is reported from any section of the coal fields.

MORE HOPEFUL.

Columbus, Ohio, April 2.—Notwithstanding the expressed determination of a majority of the Ohio coal operators not to grant an advance in wages to their miners, prospects of averting a protracted strike in the Ohio fields seems decidedly more hopeful to night. The executive board of the mine workers, when it meets to-morrow, will probably refer questions of signing contracts to state officials and various local organizations. Up to the present time six coal companies in Ohio have declared their willingness to pay the 1903 scale. These companies control an annual output of about three million tons, or about one-sixth of the total output of the state. A number of other operators have intimated they will pay the 1903 scale, but are awaiting the action of the miners' executive board to announce their position.

OPERATED.

Wilkes Barre, Pa., April 2.—The Pettibone washery of the Lackawanna company, near here, was operated with a reduced force and with no interference. Outside of this the strike order was strictly observed in this locality. There appears to be a general feeling among the miners that at the conference in New York to-morrow some temporary agreement will be reached by which the men will be allowed to return to work within a few days.

THREATS MADE.

Trenton, Mo., April 2.—A four-wire fence, charged with an electric current, entirely surrounds the works of the Trenton Mining company, a non-union co-operative institution, to night as a precaution against the execution of threats which, it is alleged, have been made to destroy the property of the company. All the present workers are stockholders in a small way. No trouble is expected from employees of the mine, the reported threats having come from outsiders.

SUSPENSION.

Clearfield, Pa., April 2.—General suspension of the Clearfield bituminous coal district is reported to night. The district convention was in session to day and the anti-scale committee reported it was ready to meet the general scale committee, and the work of formulating a new scale will be taken up to-morrow. It is then expected the operators will sign.

EFFECTS OF STRIKE.

Marshalltown, Iowa, April 2.—The coal strike began to show its effects here to day when the Iowa Central railroad issued an order annulling all but two of its trains on each of its six branches. Forty men in the shops quit work to day as a result of curtailment of work.

ARE IDLE.

Kansas City, April 2.—At coal mines of Kansas, Missouri, Arkansas, Indian Territory and Oklahoma are idle. The mines employ 25,000 men. It is expected that numerous operators will sign the scale soon, although none have done so yet.

SIGNED THE SCALE.

Beaver, Pa., April 2.—Bituminous mine operators of Beaver county signed the scale of 1903 late to day and the men will resume work to-morrow morning.

BELLEVILLE DISTRICT.

Belleville, Ill., April 2.—The 136 coal mines in the Belleville sub-district were idle to day and nearly 4,000 men are out. Frank J. Hayes, of Belleville, secretary of the miners' organization of the district, said only one mine had signed the scale up to night, although several others had signified an intention to sign.

CONDEMN ROBBINS.

Cleveland, Ohio, April 2.—Forty operators, representing eastern coal companies, held a meeting this afternoon and, after declaring their intention to refuse to operate any of their mines, passed resolutions condemning the action of F. L. Robbins, of the Pittsburgh Coal company, and the independent operators of the Pittsburgh district.

TERRE HAUTE DISTRICT.

Terre Haute, Ind., April 2.—It was announced this evening that companies and

operators owning twenty mines had decided to sign the 1903 scale. These mines are expected to resume operations to-morrow.

INDICATIONS FAVORABLE.

Wheeling, W. Va., April 2.—Indications point to nearly all operators of eastern Ohio and West Virginia, in the Panhandle district, signing the 1903 scale within the week.

HIRING GUARDS.

New York, April 2.—It was learned to day that agents of the anthracite operators have opened an office for the purpose of hiring guards for mines. Applicants were informed that when they reached the mines they would be sworn in as special deputies.

DECATUR COMPANY SIGNS.

Decatur, April 2.—The Decatur Coal company, owning two mines, to night signed the 1903 scale and between 200 and 400 men will resume work Wednesday.

ARRIVAL OF MITCHELL

New York, April 2.—On the eve of the second meeting of the committee representing the anthracite mine workers and their employers, the situation, so far as the hard coal fields are concerned, unchanged from that disclosed in communications passed between the contending forces and which have been made public. Neither the miners nor operators to night would venture a prediction as to the outcome, as neither party is aware what the next move of the other will be. Both sides are hopeful, however, and there is a feeling that some way out of the present difficulty will be found.

President Mitchell arrived here to night accompanied by other representatives of the miners. None of the leaders would be quoted as to the situation as shown by the first day's suspension, but they all admitted privately utmost harmony prevails in the region, and that the rumors that thousands of men would not obey the suspension order have proved groundless. They report that the only colliery working full-handed is the People's Coal company's Oxford plant in the northern field, which is run almost exclusively by non-union men. The charter of the local union at this colliery was annulled some time ago. Washeries in operation to day employ, leaders say, only a small number of men, and they are not well organized.

To-morrow's meeting between the sub-committees of the miners and operators is expected to be of short duration. It is believed nothing will be definitely agreed upon. The operators will probably renew the counter proposition made to the miners early in March, that is, continuation for three years of the award of the anthracite strike commission.

The employers, however, do not expect the miners' representatives to accept the proposition, or even to consider it at the present time, but rather expect the union leaders to renew their original demands. If this program is followed out an adjournment will probably be taken for twenty-four to forty-eight hours.

COMPLETE SUSPENSION

Philadelphia, Pa., April 2.—There was a complete suspension of mining operations in the anthracite region to day, with the solitary exception of the Oxford colliery, an independent mine, near Scranton, that employs about 500 hands. Every colliery was opened as usual this morning, but the only men who went to work were engineers, firemen, pumpmen and others, whose presence at the mines is necessary to preserve them from injury.

Significance is attached by the miners to the fact that there is no apparent attempt on the part of the operators to import non-union labor, which they regard as a favorable sign. The miners' leaders are careful to assert that no strike has been declared, suspension being merely a business necessity as the miners have no agreement with the operators until the scale is adjusted by the committee. The miners' officials to night estimated the number of mine workers who obeyed the order to suspend operations as 143,000. During the day squads of state constabulary, a police body organized under an act of the last legislature, patrolled various sections of the coal regions, but found no disorder.

NO STRIKE

Pittsburg, Pa., April 2.—There will be no strike of bituminous miners in the Pittsburg district, and according to Francis L. Robbins, of the Pittsburg Coal company, there will be a general resumption of work to-morrow morning following the holiday celebration of the eighth hour day. Robbins officially announced to night he had signed the scale of 1903 and named several other companies who did likewise. These companies represent thirty million tons, or over three-quarters of the coal mined in the Pittsburg district.

The mines of the independent operators will be shut down to-morrow in the Pittsburg district, in conjunction with those in Ohio, Indiana and Illinois. The independents to night passed a resolution to support the operators of the aforementioned states in refusing to sign the scale.

FIRE LOSSES.

Buffalo, N. Y., April 2.—The building occupied by the Times, an afternoon paper, is burning this (Tuesday) morning. Valuable property adjoining is threatened.

**COURT REVIEW
AMENDMENT****OFFERED IN THE SENATE
MONDAY****Agreed Upon Saturday at White
House by Friends of Railroad
Rate Bill—House Passed Personal
Liability Bill.**

Washington, April 2.—An amendment to the house railroad rate bill, agreed upon at the white house Saturday by friends of the bill, providing for limited review of orders of the interstate commerce commission, was offered in the senate to day by Long, of Kansas, but he was not able to get the floor to make his speech on the bill.

The principal speech to day was made by Fulton, of Oregon, who spoke for the bill. It was a legal argument bearing upon constitutional questions involved in the legislation, and interruptions were so frequent that the speech amounted to a debate on law points where the speaker divided the time with the majority of the lawyers of the senate.

Nelson, of Minnesota, and Heyburn, of Idaho, made brief speeches on the bill.

HOUSE.

Chief among the measures passed by the house to day was the so-called "Personal Liability bill," which has been favored by railway employees throughout the country, and which had practically the unanimous report from the committee. Members of the house showed great interest in the measure and had a division between called for the bill would have had almost an unanimous vote.

Another measure changing the existing law and which excited ill-favored opposition, was the bill permitting fortification of sweet wines and levying a tax of three cents a gallon on all wines thus fortified. A number of bills were passed under the suspension of rules.

CAPITAL NOTES.

An estimate aggregating \$41,517, to be included in the general deficiency bill for the postoffice department, was transmitted to the house to day by the secretary of the treasury. Inland mail transportation required \$220,000 and the foreign mail transportation \$216,000.

The statement of the public debt, issued to day, shows a total debt, less cash in the treasury, of \$981,623,458, a decrease for the month of \$5,898,117, which is accounted for by the increase in the amount of cash on hand.

Government receipts for March were \$50,631,160; expenditures, \$15,789,520; leaving a surplus of \$1,861,500.

DOWIEISM AT AN END**Former Disciples of First Apost-
le Transfer Allegiance to New
Hands—"Elijah" is in Mexico.**

Chicago, April 2.—At a meeting Sunday of 600 adherents of the Christian Catholic church, in Zion, of which John Alexander Dowie is the founder and first apostle, Dowie's authority was repudiated and Wilbur Glen Voliva, who for some time has been conducting the affairs of the church, was elected in his stead. Mrs. Dowie also repudiated her husband and their son, Gladstone Dowie, cast his lot with his mother and the new leader, Voliva.

Most of the officials of the church were present at the meeting and Dowie was denounced by many of these as having deceived the people and having wasted their money in extravagance. The meeting, however, refused to hold that he had knowingly erred.

John G. Speecher, the former overseer and once second in command to Dowie, who was recently deposed peremptorily, declared Dowie to be insane. Mrs. Dowie, in her address, also upheld that declaration.

The casting off of the authority of Dr. Dowie, who has been one of the most aggressive leaders in the effort to place the affairs of the church on a secure foundation. Dowie also announced in the telegram that a letter would follow in which other officials were named for deposition.

Overseer Voliva, who holds a power of attorney of Dowie, in company with several other officers of the church, hastened to Waukegan, the county seat of Lake county, in which Zion City is situated, and filed for record a warranty deed transferring to Deacon Alexander Granger all the real estate held by Dowie in Zion City. He also executed a bill of sale to Granger, putting him in possession of all the personal property of Dowie, including horses and carriages, books, and even his den. Later in the day Granger conveyed these to Voliva, and at nightfall the overseer appointed by Dowie had not only succeeded him as head of the church, but was the holder of all his property as well. Dowie was then notified by the gentlemen what had been done.

Voliva said in an interview that his action was in line with the advice of attorneys, that he proposes to put the affairs of Zion City in good order, and that Dowie followed the receipt Sunday of an \$800 telegram from Dowie, who is in

Mexico, in which he peremptorily ordered the immediate discharge of Deacon Alexander Granger, financial manager of if Dowie returns it will not be as a leader, and he must behave himself. As to Dowie's alleged polygamous teaching, Voliva said it was not public but was of a private character.

All men now prominent in the management of affairs of the Zion City church, except Voliva, are men with whom Dowie has quarreled in the past. He dismissed Deacon Speecher from all of his appointments in the church, and compelled him to leave Zion City. In a long message received yesterday, and which precipitated the "revolution" of to day, he ordered the instant dismissal of Granger, who is now all-powerful in directing the affairs of Zion City. Speecher, who, before he became a convert to the Zion City church, was a physician, declared to day that Dowie is a very sick man, suffering with pulmonary trouble, paralysis and dropsy, and occasional delirium. It is generally believed by officers of the church that the deposed leader will fight to recover his lost power. If this is done, they declared to day the matter would go to the courts.

Formal announcement of the overthrow of John Alexander Dowie was made to night by Overseer Speecher, who presided over a meeting of 5,000 members of the church in the tabernacle at Zion City. The crowd applauded when the former leader was accused.

THE PANAMA RAILROAD.

New York, April 2.—The annual meetings of stockholders and directors of the Panama Railroad company were held to day. Secretary Taft was present at both meetings. At the stockholders' meeting T. P. Shonts was re-elected president and John F. Stevens, vice president and general manager. The report for ten months of 1905, up to Oct. 31, was submitted, showing the total earnings of the company exceeded by \$302,201, or 18.7 per cent, those of the ten months of the previous year.

ROBBER ARRESTED**Man Who Looted Home of Min-
neapolis Doctor Caught in
New York.**

New York, April 2.—The police to day arrested Thomas J. Wainwright, wanted on a charge of robbing the residence of Dr. Nicholas J. Pinault, of Minneapolis. Wainwright, who represented himself as a lawyer temporarily without practice, was placed in charge of Pinault's residence, containing jewelry, silverware, pictures, etc., during his absence in the south. Pinault received notice that some of his securities had been offered for sale, and returning to Minneapolis found his home looted and Wainwright missing. The value of the articles stolen is said to have exceeded \$100,000.

Minneapolis, Minn., April 2.—Thomas J. Wainwright, arrested in New York for alleged robbery, is believed to be the man who knows more about the famous Pinault robbery in this city last month than any one else. Dr. Pinault, who recently returned from Florida, where he was at the time his house was ransacked, refused to tell how much the securities are worth, but intimated they are worth from \$100,000 to \$200,000.

DEMOCRATIC LANDSLIDE.

Des Moines, Iowa, April 2.—Returns from the municipal election in Dubuque to day indicate a Democratic landslide. Mayor Berg, who was a candidate for mayor for a fifth term, was defeated by a large majority by Henry Shunk.

The Democrats made slight gains in the Keokuk election, securing four aldermen out of the six chosen. They now control eight of the twelve members of the city council. Diamond, the Democratic candidate for assessor, was also elected.

CALLED ON PALMA.

Havana, Cuba, April 2.—Mrs. Roosevelt and her children called on President Palma to day. President Palma sent a salute coach to receive Mrs. Roosevelt, and an aide de camp escorted them to the palace. Minister Morgan, Secretary Sleeper and Consul General Rheinhardt also accompanied Mrs. Roosevelt to the palace. Minister Morgan entertained the visitors this afternoon.

ACQUITTED

Peoria, April 2.—"Jap" Smith, charged with manslaughter in connection with the wreck of the Santa Fe California limited at Chillicothe Jan. 28, was acquitted from the court. Smith admitted negligence, but the court ruled that the negligence of Conductor George Wetherway, which was subsequent to that of Smith, was the direct cause of the collision, and that under the law this was sufficient defense.

DEATHS.

Omaha, Neb., April 2.—Judge J. I. Redick, a wealthy pioneer and for many years one of the leading attorneys in Omaha, is dead, aged 78 years. He began the practice of law in Lansing, Mich. In 1854 he was appointed by President Grant to be judge of the territorial court of New Mexico serving several years.

**RAILROAD TAX
LAW UPHELD****BY UNITED STATES SUPREME COURT.****Decides in Favor of Michigan's
Measure for Railroad Taxation—Opinion
Delivered by
Justice Brewer.**

Washington, April 2.—The decision of the United States supreme court upholding Michigan's railroad tax law is of considerable importance. Justice Brewer, who delivered the opinion, accepted as final the decision of the Michigan court as to validity of the tax law under the state constitution. He says:

"There is no general supervision on the part of the nation over state taxation and in respect to the latter the state has, speaking generally, freedom of a sovereign both as to objects and methods."

Referring upon the contention of railroad companies that the fixing of the rate of taxation by state authorities, as authorized by the state law, is a legislative function, Justice Brewer touched upon the point which is now receiving much attention from congress and said:

"There might be a question whether, even if there were a clear delegation of legislative functions to other departments of government, it would be void under the federal constitution. In the nation no one of the three great departments can assume or be given functions of another, for the constitution distinctly grants to the president, congress and the judiciary, separately, the executive, legislative and judicial powers of the nation. It may, therefore, be conceded that an attempted delegation by congress to the president or any ministerial officer or board of power to fix rate of taxation or exercise other legislative functions would be an undoubted unconstitutional. But, does it follow that a state is subject to the same restraint? Crimes against the nation must be prosecuted by indictment, yet a state may proceed by information. Suppose the state by its constitution grants legislative functions to the executive, or to the judiciary, what provision of the federal constitution will nullify the action? Will the grant work an abandonment of a republican form of government, or be a denial of due process of equal protection?"

Another observation which may be given broader than a state interpretation was:

"It may be laid down as a general proposition that where the legislature enacts a specific rule fixing the rate of taxation, by which rule a rate is mathematically deduced from facts and events occurring within the year and created without reference to the matter of that rate, there is no abdication of the legislative function, but on the contrary, a direct legislative determination of the rate."

"Again, it seems more reasonable that the average rate should be fixed by this mathematical computation from other rates already established than for the legislature to prescribe in advance that which it may hope will be such rate."

"But these considerations appeal mainly to the discretion of the legislature and do not make against its power. Unless there be some specific provisions in the state constitution compelling other action, the state may treat its entire territory as comprising but a single taxing district and deal with all property as within the district and subject to the action accordingly."

"The state is traversed in almost every direction by railroads. To hold that for each railroad the average rate must be determined from property in localities immediately contiguous or through which its road passes would introduce into the matter of taxation a confusion and inequality resulting in far greater injustice than the uniformity established by the present system."

IOWA DEMOCRATS

Des Moines, Iowa, April 2.—Governor Polk of Missouri was the chief speaker at the Jackson banquet to night, under the auspices of the Iowa Democratic club. Democrats of prominence from all parts of Iowa attended and the gathering was one of the most notable ever held in the state under the auspices of this party. Other speakers were: John M. Reid, Des Moines; Representative L. C. Cole, Carroll; John E. Creigh, Keokuk; M. P. Healy, Fort Dodge.

Governor Polk, responding to the subject, "Good Government," spoke in part as follows:

"We are in the midst of one of the most dramatic periods of American history, the period in which the people's rights are to be defined and observed as they never have been before. There are some who see danger to our institutions in the agitation resulting from the exposure of official and business life. I do not share this view. To my mind the hope for the perpetuity of this government by the people was never brighter than now. The fact that this awakening has come at a time of unusual prosperity shows that it does not proceed from a spirit of discontent, but springs from the moral sense of the people. It is simply a determination to stamp out the things that dishonor in public life and the things that oppress in private life—a firm resolution that government shall be representative of the good, not the bad. The energies of this public conscience have been extended from the domain of the public wrong-

**STREET RAIL-
WAY OWNERSHIP****QUESTION VOTED ON TO
DAY IN CHICAGO****Contest Has Been Waged Most
Bitterly—Result of Vote Is
Awaited With Great Inter-
est.**

Chicago, April 2.—The question of municipal ownership of the street railways will be submitted to a popular vote to-morrow and the result is awaited with great interest. The contest has been one of the most bitter ever waged in Chicago in many years and the work will be carried on to-morrow with even greater vigor than has been evidenced in the preliminary work of the campaign.

The membership of the Municipal Ownership League have been detailed to remain at every polling place in the city to-morrow to watch over the interests of the "little ballot." Representatives of the factions opposed to municipal ownership will also have watchers in every precinct. Party lines have been largely obliterated and the eligibility of candidates for aldermen is construed in the light of their attitude toward municipal ownership and high license for saloons.

Advocates of municipal ownership to night expressed the utmost confidence in the result. On the contrary, Thomas Carey, chairman of the Democratic county central committee, declares the proposition will lose. The propositions to be voted on to-morrow are:

Shall the city operate the street railways?
Shall the city issue \$75,000,000 railway certificates to purchase the present street railways; shall the council immediately acquire the municipal ownership and operation of all street railways in Chicago instead of granting franchises to private companies?

In addition to the contest on municipal ownership the question of whether the saloon license shall be \$500 or \$1000 will be up for settlement. The liquor interests have made a strong fight against every alderman, up for reelection, who voted for the increase. If the majority of these men are returned to the council the \$1000 license is expected to remain; otherwise it is believed the ordinance will be repealed and the old figure restored.

CONGRATULATED BY EMPEROR.

Berlin, April 2.—Emperor William has telegraphed the German delegates to the Moroccan conference cordial acknowledgment of their work at Algiers.

The North German Gazette concludes a review of the conference to day by saying that neither Germany nor France conquered, but that the international principle in Morocco was solemnly confirmed. The conference, the paper adds, has not hindered the development of Morocco, the economic interests of Germany are guaranteed and internal order in the Moroccan empire secured.

TWIN TRANSCONTINENTAL ROAD.

St. Paul, April 2.—The Pioneer Press says that James J. Hill is to have a twin continental road, operations now being under way for construction of the east and west line between Minneapolis and Vancouver, five hundred miles of the new line is already in process of construction and the plans call for 1,000 miles.

ANTI-PASS BILL**Will Become Law as Soon as
Signed by Governor.**

Des Moines, Iowa, April 2.—The anti-pass bill is now virtually a law, or will be as soon as Governor Cummins signs the measure. The house, 75 to 11, receded from the amendment which would have required legislators to pay their fares home, and the bill is now ready for the governor. It prohibits all public officials, including federal officers, from accepting favors from railroads.

The child labor bill passed the house to day and, with the governor's signature already assured, will become a law. The law is directed at the department stores particularly and compels them to furnish chairs for employees. All children under 16 years are prohibited from injurious employment.

INSURANCE COMPANY DISBANDED.

Chicago, April 2.—By a vote of policyholders of the Western Life indemnity company to day the insurance of that organization was transferred to the American Mutual of Chicago. The Western Life is disbanded.

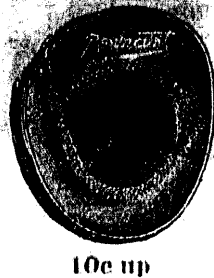

A.I.D. HILDRETH'S CONDITION.

The blood poisoning is still confined to his hand.

MET TRAGIC DEATH.

Louis Pechloeffel Stricken with Apoplexy While Working on German Lutheran Church—Body Held by Fellow Workmen Until Arrival of Hook and Ladder Wagon.

Louis Henry Pechloeffel, while engaged in doing some repair work on top of the German Lutheran church Monday afternoon was suddenly taken ill with apoplexy. He was in company with Charles Stierhe had been engaged during the day on this repair work and while on top of the church between 2 and 3 o'clock he suddenly sank down. Mr. Stier, seeing that something was wrong with him, went to his assistance and sat down by him and held him for fear that he might fall off the roof. He then called several different ones to his aid. Dr. Haingrove was summoned, but on his arrival found him on the roof dead. The hook and ladder wagon from the fire department was called, a ladder was placed to the top of the church and several men carried him down to the ground and placed him on a cot. He was afterward removed to the Gillham undertaking establishment.

Coroner J. H. Spencer, of Murfreesboro, was notified and arrived in the city at 5:37 p. m. and at once empaneled a jury and the evidence given brought out the above facts.

Mr. Pechloeffel was 63 years of age, having been born in this city, where he has always lived. For a number of years he was engaged as a teamster and had laid by a considerable fortune. He retired from active work a number of years ago. He was a candidate for alderman in the third ward on the Democratic ticket last election. He is survived by his wife, one son, Ernest; two daughters, Lillian and Mabel; five sisters, Emma, Mary, Clara, and Mrs. Hempil all of this city, and Mrs. Koppmeyer of Waverly, and one brother, Frank, of this city.

Mr. Pechloeffel had been a faithful and active member of the German Lutheran church for a number of years. The relatives will have the sympathy of the entire community in their sudden bereavement.

Arrangements for the funeral have not been made.

HE KNEW THE BABY.

Persons familiar with the comic opera, Pinafore, will remember that the captain and Ralph Rackstraw change places and the captain becomes the common sailor and Ralph the aristocrat, all because Buttercup exchanged babies once upon a time. Sometimes an event like this takes place in real life. There is probably not a prouder or more devoted grandfather in the city than Chas. Hopper, the urbane shoe merchant, and the nice things he says about that grandson of his and the fond looks he bestows on the little one are pleasant to note and though the heir presumptive is so young Mr. Hopper says he would know him among a thousand babies, of course he would and no one need ever try to fool him for it can't be done. Of course we all know that and no one means to try it, but just to see how the little experiment would work, a few friends thought they would make the attempt. This son, Thomas, wife and son, were momentarily expected home from California, so Saturday afternoon one of the family wheeled a baby into the gentleman's presence and announced the little one as the Hopper grandson. At once Mr. Hopper was all smiles and reaching out his hands he said: "Come to its grandpa; bless its sweet little heart. Fee knows its grandpa; ee does; des look at the sweet dimple; see zat pitty boo eye; come to grandpa, sweet tootsie. Grandpa take tootsie wootsie widing in tootsie's little wagon, grandpa will."

And much more to the same effect as all fond grandparents know and a blissful hour was spent with the precious little cherub, the delighted grandpa making up in love, caressing and petting for the time his precious darling had been absent, till finally when about all the happiness that could be crowded into an afternoon had been enjoyed Jerome Gates turned up and said he guessed he would take his baby. Mr. Hopper would have sold himself for a cent but it was too late and the joke leaked out.

LARGE ATTENDANCE.

Sunday was a red letter day with the Sunday school at the First Baptist church for they had present the largest attendance in the history of the church, there being 300 listed in the different classes. As a mark of recognition for those who had been present at Sunday school every Sunday during the past year, gold stars were presented and forty-six were awarded this honor.

HORSE DROPPED DEAD.

A large white horse belonging to Jacob Cohen & Son dropped dead on North East street about 4 o'clock Monday afternoon. The horse was pulling the wagon which had a light load on it, when he suddenly stopped and staggered in the harness. The driver thinking that something was wrong with him, got down from his seat and unhitched him. This had not been done when the horse

lay down and in a few minutes was dead. The horse was one that Mr. Cohen had owned for some eight or nine years and was highly prized by the owner.

BOARD OF EDUCATION.

The April meeting of the board of education was held Monday evening in the council chamber, members Birkenhead, Rudledge and Obermeyer present, Mayor Davis presiding, S. B. Stewart, clerk.

The minutes of the last meeting were read and approved.

The clerk read applications from Harriett Sibert, Lucia Royce, Paul Johnson and Matie Ator for positions in the schools.

All properly approved bills were received and placed on file.

The report of Supt. Furr showed a total enrollment of 2,337; high school, 315; neither absent nor tardy, 301; percent of attendance, 91.0.

Supt. Furr brought up the matter of diplomas for high school graduates and certificates for eighth grade pupils. The clerk stated that they had in the past been printed by the Pantagraph Printing company, of Bloomington.

The superintendent reported that the Central Illinois Teachers' association desired to hold their next meeting in this city, and that he had been put on the executive committee with this idea. He further reported that he had engaged the opera house for commencement.

Since our opening many new well creations have been added to our enormous stock of millinery. J. HERMAN, Jacksonville's Leading Milliner.

SHOP LIFTING.

Occasionally the merchants of this city detect a person in the act of stealing goods though nearly always charitable counsels prevail and the offender is let off with a reprimand. It is sad to think there are people so lost to self respect as to commit such a crime. The influence on the person and his or her family can only be degrading and is apt to lead to worse sins. Goods displayed on counters are frequently tempting and a person will argue that being a customer or in straightened circumstances justifies the deed. Of course there are great thieves who steal in other ways and are never punished but public opinion is getting the officers of the law after them in good shape and they stand far less show to get off without punishment than they did a few years ago.

THE CHRISTIAN CHURCH SUNDAY SCHOOL.

The record of the Sunday school of the Christian church in this city is: certainly one of which to be proud. Last Sunday the attendance broke all previous records, amounting to 543 and the offering was \$23. Two weeks ago James R. Watts organized a men's Bible class and last Sunday there were thirty-three members present. There will be three more Sundays in the old quarter. Easter Sunday will be rallying day for the Old People's Home of this city, and all collections will go toward that cause. Dr. Harker has been invited to address the school April 22, the last Sunday in the present building, when a praise service will be held. During the first quarter of the present year the total attendance has been 4,306 and the total offerings, \$359.52.

ENTERTAINMENT AT THE BLIND.

The athletic work of the pupils at the State School for the Blind is always interesting as it shows how much may be accomplished in this way for those who especially need physical exercise and are not in a way to get as are others. The instruction in gymnastics at the institution in our city has been excellent and the results are most gratifying. This evening at the gymnasium the girls will give an exhibition and to-morrow evening the boys will show their skill and attainments. The public is cordially invited to be present. Admission will be free.

HELD OPEN MEETING

Chaminade Club Entertained at the Home of Mrs. Frank Orear—Fine Program Given in Celebration of Tenth Anniversary of Organization.

The Chaminade Music club held a delightful open meeting Monday afternoon at the home of Mrs. Frank Orear, on West College avenue. The spacious rooms were filled with members and many invited guests. The Chaminade Music club is limited to twenty-six active members, all musicians, and is noted as a progressive and up to date club—the excellent work accomplished from year to year by its enthusiastic and energetic members has received flattering comment from leading musical journals, and from a number of American composers. The club has just passed the tenth anniversary and is remarkably prosperous at the present time. The Chaminade Music club is listed in most of the club directories of New York, Boston and Chicago, and exchanges year books with many prominent musical organizations in different parts of the United States.

In addition to the fifteen regular programs arranged for the season's study, a special program of great interest and brilliancy was prepared for the open meeting and rendered as follows:

DRAGGING THE ROADS.

Charles R. Joy, of Joy Prairie, drove to the city Monday in about an hour. The secret of the quick trip was the fact that the enterprising highway commissioners had the road dragged from the Acorn corner to the city limits, a distance of about seven miles. Mr. Joy says they started with two teams in the morning and at 10:30 in the morning were at Frank Spaulding's place, showing that they might easily make about twenty miles a day. At that rate the cost would be not more than 25 to 35 cents a mile and the good would be immense. The two teams made a track some eight or ten feet in width and went right along all right.

If a law requiring such work to be done on the highways at the proper time could be enacted it would be a great blessing and the work would be worth many times its cost.

Another Big Firm Closes Its Doors.

A shortage in the market is said to be the cause of a great many firms, partnerships and small dealers going out of business, and the above heading is one case in point. If you should have your books examined by a competent party you would be surprised to find the value of your business. Often an examination and reconstruction of a set of books saves a man from ruin. Let us quote our terms and show you how others have saved themselves. Trade at dollars.

To Remove Can Covers.

To remove a tight fitting screw cover to a can rub a little chalk on the top and wrap a piece of sandpaper around the cover with the sand side next the can. The top can then be removed without trouble.

Coffee Stains.

Coffee and tea stains if rubbed with butter and afterward washed in hot soapsuds will come out, leaving the table linen quite white and fresh.

To Clean Hatbands.

Hatbands may be cleaned by sponging them with turpentine until all stains have been removed, then sponging with alcohol and wiping dry.

Vegetable Stains.

Vegetable stains may be removed from the hands by rubbing with the inside of the peeling before washing the hands.

RAILROAD NEWS NOTES

Burlington Will Close Telegraph Offices at Night During Coal Strike—Fourteen Cars Go Off Trestle at Cut Off—Items of Interest.

On account of the coal strike the Burlington has closed all the night telegraph offices between Beardstown and Centralla, except those at Litchfield and Virden. They will be reopened as soon as a strike settlement is made. A number of train crews were also laid off.

—(C)—

Saturday night, while the work engine was running a large number of cars out onto the trestle of the Burlington cutoff, the cars broke apart and fourteen of them ran on over the end of the trestle, falling about fourteen feet to the ground and breaking into splinters.

—(C)—

Official announcement has just been made by General Manager Ramsey of the C. & St. L., of the appointment of W. T. Conley of Springfield as master car builder for the road. Mr. Conley resides at 318 North Seventh street, Springfield, and for the last year has been road superintendent of cars. He is a practical car man and has made an excellent record with the road. He has been connected with the C. & St. L. six years, five years having been spent at the head quarters in Alton.

—(C)—

L. M. May, assistant chief engineer of the Wabash road, is in Decatur with two assistants for the purpose of surveying for a double track from Decatur to Taylorville, a distance of about thirty miles, on the St. Louis line. Double tracks now extend from the east end of Decatur for twenty miles, and to better the facilities the Wabash will have double tracks from Decatur west.

—(C)—

Request has been made by the Wabash for a 10 rate on wheat alone from Chicago to Missouri river for the purpose of carrying back to that territory some of the red winter wheat that was brought in from there last summer. Mills in that territory are short of supplies.

—(C)—

Applications for positions on the Alton are rejected by the company surgeons conducting the physical examinations if it is found that the applicants smoke cigars.

—(C)—

Coal and coke shipments originating on the lines of the Pennsylvania east of Pittsburgh and Erie, for the week ending March 21, aggregated 1,629,017 tons.

—(C)—

Owing to complaints of smoke nuisance in important cities, especially in Philadelphia and Pittsburgh, the mechanical department of the Pennsylvania has been directed to devise some method for its abatement or modification.

—(C)—

The Burlington during the past year has been doing the largest business in its history, handling an average of 1,100 cars a day at Chicago, mostly of local traffic.

—(C)—

E. S. Lowther, who at one time ran a train on the old Jacksonville line, but who is now running a train on the Fort Smith & Western railroad out of Guthrie, Okla., is in the city for a visit of several weeks.

—(C)—

Woods & Young shipped two car loads of horses to St. Louis over the Alton Monday.

REGARDING DR. WILBUR.

The following sketch of Dr. Chas. T. Wilbur, so well and favorably known here, where he resided for many years, is taken from the Kalamazoo Evening Telegraph of recent date.

Dr. Charles T. Wilbur, who has gained a wide reputation as a specialist in the care and instruction of feeble minded children, was born May 18, 1835, in Newburyport, Mass. At the age of 15 years he was called away from his studies and went to Boston, where for five years he engaged in mercantile pursuits. He left Boston to secure a medical education, which he did in the Berkshire Medical college at Pittsfield, Mass. He graduated from that institution in 1859. During his college course he was dependent upon himself. In 1859 he spent a year in assisting his brother, Dr. H. B. Wilbur. Dr. H. B. Wilbur in 1848 opened the first school for the feeble minded in the United States. The school was at Barre, Mass. At various times during Dr. C. T. Wilbur's medical course he was engaged as instructor. First at Fishkill landing, New York, and then at the New York state institution for the feeble minded. He was also employed at the Connecticut school at Lakesville and was made assistant superintendent of the Ohio state asylum at Columbus. While in Columbus he was married to Miss Lila Katherine Peyton. The wedding took place in 1859, a short time before Dr. Wilbur completed his medical education.

After graduating he started to practice in Marietta, Ohio, and was engaged there when the civil war broke out. He entered the Fifty-ninth regiment, Ohio volunteers, as assistant surgeon, but after serving eight months was compelled to resign owing to an attack of malarial fever, which he received at the siege of Corinth. After a two months' respite he was made assistant surgeon of the Ninety-fifth Ohio infantry and after a year's service was made surgeon, being mustered out at the close of the war, Aug. 18, 1865. He was then called to establish the Illinois state institution for feeble minded children, which opened operations in a rented house with four pupils. There are now 1,500 inmates in the school, which is the largest of its kind in the country. In October, 1887, he resigned his Illinois position and May 1 of that next year purchased the property where the Wilbur School and Home for the feeble minded is now located. It was in 1882 he started

the publication of the "Asylum Index and Review" at the Illinois school. When he came to Kalamazoo the name of the journal was changed to "The Philanthropic Index and Review." The paper was published for eighteen years and was "the only paper of its kind in the country. Dr. Wilbur has been the father of five children, three of whom are living.

GRACE CHURCH SOCIETY.

Members of the Young Women's Foreign Missionary society of Grace M. E. Church held an open meeting at the home of Mr. and Mrs. J. J. Reeve Monday evening. Devotional exercises were conducted, Mr. J. J. Reeve and nearly all the members responded to roll call, the subject being "Easter Chimes." "Witches, Doctors and Chains in Africa" was the subject of an interesting paper by Miss Mable McLaughlin and Miss Eloise Smith favored the company with a solo, "Fear Not, O Ye Israel." "Silver Basins of Another Sort" was the subject of an article read by Mrs. Snow, and after a short business session a social hour was enjoyed. Games and nice refreshments brought to a close a pleasant and highly profitable evening.

For the Hair.

Hair that is very oily may have a pinch of borax or soda in the water to correct the musty odor which clings to heavy hair, but either should be sparingly used. Ammonia will cause the hair to turn gray.

THE PURE FOOD ROLL OF HONOR

"Good Housekeeping," a well known household national magazine, voluntarily made a thorough examination and test of Non-Such Mince Meat, and placed it without reservation upon its roll of honor. In the March number of Good Housekeeping, in the department of "Pure Food Assurance," we find:

"Non-Such Mince Meat, Merrill-Soule Co., Syracuse, a semi-moist condensed compound of beef, apples, spices, sugar, raisins, currants, boiled cider and salt, without other preservatives or adulterants, no artificial coloring, produced under conditions near to sanitary perfection as possible."

This guarantee, which could not be bought at any price, ought to satisfy the most particular housewife. The sale of one million packages a month seems to prove the statement to be true. Your grocer sells Non-Such. Try it, and satisfy yourself. You are the one.

DEATH RECORD

DAHMAN

Harry R. Dahman died Monday afternoon at 3:15 o'clock at Passavant hospital at the age of 20 years. Death resulted from appendicitis, from which an operation last week failed to give relief.

The deceased was born in Arenzville, Nov. 10, 1879. He removed with his parents to Chapin, and attended the Chapin schools, completing his course with graduation from the Chapin high school. He then went to St. Louis and graduated last year from the Marion-Sims-Bennett Dental School. His parents removed to this city three years ago, and Mr. Dahman upon graduation entered upon the practice of his profession, having his office on the south side of the square. He was possessed of an unusually pleasant and sunny disposition, and rapidly made friends everywhere.

Before the remains were removed from the hospital a post mortem examination was made and it was discovered that the patient died of meningitis, which means an inflammation of the covering of the brain. He was in a fair way to recover from the operation had not this unexpected complication taken place as the operation was quite successful and the wound was healing all right.

His parents, Mr. and Mrs. C. H. Dahman, one brother, Otto, and one sister, Mrs. E. R. Fox, survive.

The funeral will be conducted from the residence, 274 Sandusky street, Wednesday afternoon at 3:30 o'clock. Interment will be in Diamond Grove cemetery.

HON. DAVID O ROBINSON

Benefited by Vinol After All Other Medicines Had Failed.

The Hon. David O. Robinson, county treasurer of Frankfort, Ky., writes: "I was very much run down from overwork, and suffered from indigestion and a severe nervous trouble. The medicines prescribed all failed to help me, and I could not take cod liver oil or emulsions, as the greasy mixtures upset my stomach. One of the county officials told me about your delicious cod liver preparation, Vinol, and what it had done for him. I decided to try it and in a remarkably short time I was a well man. Vinol built me up, cured my stomach and nervous trouble and I have not been so well for years."

Our local druggist, Lee P. Alcott, says: "Vinol cures conditions like this because it positively contains in a highly concentrated form all of the vitality-making, and body-building properties of cod liver oil actually taken from fresh cod's livers and without a drop of oil to upset the stomach and retard its work."

"We ask every run down, nervous, debilitated, aged or weak person in Jacksonville and every person suffering from stubborn colds, hanging on coughs, bronchitis or incipient consumption to try Vinol on our guarantee to return your money if it fails to give satisfaction." Lee P. Alcott, Druggist.

DO YOU BELIEVE IN RECIPROCITY?

If Jacksonville people believe in looking after those things which tend to help Jacksonville and her citizens, it would be well to see that laundry work is not sent out of the city.

The Harms laundry on South Sandy street is one of the most modern equipped laundries in the state. Every piece of machinery is new and up to date and Mr. Harms has in his employ from twelve to twenty people all residents of Jacksonville. Your laundry work done here will be done just as well as you can get any place in America and your money spent here means more work for Jacksonville people. Is this not a reasonable proposition? Place a trial order.

FINE CONCERT PROGRAM

Pupils of Director Stead of Illinois College of Music Heard by Large and Appreciative Audience—Work of Performers Highly Creditable.

Pupils of Mr. Franklin L. Stead, director of the Illinois College of Music, delighted a large audience in the chapel of the Woman's college Monday evening. A program selected with excellent musical taste and of just the right length was given a splendid rendition. The work of the pupils was excellent. They played with enthusiasm and musical understanding. Their technical accomplishment was good and their phrasing evidenced splendid method of expression.

It was a thoroughly enjoyable program and the marked favor accorded Misses Campbell and Ryan in their Mendelssohn duet number and the recognition given Miss Ryan after her fine rendition of Brahms Nocturne was richly deserved and both numbers were interpreted with rare skill and ability.

Miss Merta Work played the concluding number on the program and her execution of the Wagner-Liszt Ballade afforded her hearers an unusual amount of pleasure and satisfaction. She also was recalled and bowed a gracious acknowledgment to the applause of the audience. It was an evening of uncommonly enjoyable and satisfactory playing and was highly creditable to Director Stead and the pupils under his instruction. The program:

Impromptu in A flat Schubert
Miss Nora Taylor, Winchester.
March Mignonne Poldini
Miss Eugene Marshall, Salem.
Etude, No. 1 Wollenhaupt
Master Louis Barker, Jacksonville.
Concilio Liszt
Miss Floy Cannon, Tower Hill.

Miss Mahol Fuller, Gaston.

Chaconne in G major Handel
Miss Gertrude Thackway, Griggsville.
Nocturne Schumann
Miss Nellie Miller, Loomi.
Staccato Caprice Orth
Miss Hortense Campbell, Marion.
Du bist die Ruh Schubert-Liszt
Miss Ruth Widenham, Jacksonville.
The Chase Rheinberger
Mr. Marcy Osborne, Jacksonville.

Duo Rondo Capriccioso Mendelssohn
Misses Ryan and Campbell.
Polish Song Chopin-Liszt
Miss Louise Buckingham, Jacksonville.
Nocturne Bohler
Miss Ruby Ryan, New Holland.
Ballade (Flying Dutchman), Wagner-Liszt
Miss Merta Work, Galesburg.

Only 12 days until Easter. Better hurry and order that suit from the Jacksonville Tailoring company, \$15 and up.

Miss Smith's millinery display Monday was well attended and the hosts of ladies who visited the place were delighted with what they saw. Miss Smith has certainly made a success of her business and the manner in which she entertained the throng of callers and the quantity of orders she took all went to show that her goods and skill are well appreciated in the city. The latest and best were to be seen and all who expressed an opinion pronounced the display exceedingly fine.

FORTY STORIES HIGH.

New York has two skyscrapers projected, either one of which would break the present record. A tower above the Railroad and Iron Exchange is to rise to a height of 404 feet. This is compared with the Park Row building, 352 feet, and the Pulitzer building, 375 feet. It will exceed the tallest building in Chicago by some fifty feet, but will be dwarfed by the tower above the new Singer building in New York, which is to be sixty-five feet square and reach a height of nearly 500 feet.

Come to See the Fashion Approved Fabrics For 1906

One day may hold more of interest than another among the Dress Goods and Silks.

Just at present when shelves and counters are loading up with the newest things and before any lines are broken and depleted we promise you a treat—the first sight of the Woolen and Silk fabrics which fashion has firmly demanded.

There are radical style changes, many departures from past modes and our latest arrivals mark the changes clearly.

We have been especially careful in buying to be sure that where style and weaving please you, durability shall not be lacking, that the wearing quality of every yard of goods that passes over our counters shall thoroughly satisfy our customers.

It's just this sharp attention to detail in buying—searching and testing, refusing the inferior and accepting only the best that has made our Dress Goods Department a favorite in this city.

About Prices—They Are Right

DAILY MARKET LETTER

Chicago, April 2.—Wheat—A brilliant
sentiment caused some weakness in the
first hour. The market then turned around
and closed higher. Liverpool was a sur-
prise, but the market was not without
our decline of Saturday. The light local
stocks and small Russian and Danube
shippers were in demand. A few rumors of
a not altogether satisfactory crop of wheat
drifted in. One of the largest exporters
of Manitoba sold on loads to day for
Germany, France and England, and the
export business is steady. It is too good
to think that the market does not decline
as the probability of a better harvest
sentiment would seem to warrant. While
there is nothing at moment on which to
buy, the start and loss of the market
does not show any sustained weakness.
Corn—The market was slow locally on
Monday, but it showed a decided upturn
and proved strong thereafter, reaching
all. The cash market was steady. The
local demand was good and nonlocal
advised a decline in price. The market
was a fine spring day yesterday and
to day throughout the belt led to local
buying at the start and loss of the mar-
ket. The cash market was steady
and export sales were made direct and
from the seaboard.
Provisions—Disappointingly light hog
receipts here gave a weak start to the
market, with packing interests and dis-
tributors leading in the buying. Two or three
hundred head of hogs were sold rather
freely, satisfying the early demand and en-
suring a partial setback. However, the clos-
ing was firm at a small improvement.

CHICAGO LIVESTOCK MARKET

Chicago, April 2.—Cattle—Receipts, 30,000.
Too many cattle were thrown on to day's
market. From the standpoint of sellers
it was an extremely unsatisfactory day.
Prices early looked low on steers and
the indications pointed to heavy de-
cline. Beaves, \$4.00 to 5.00; cows and heifers,
\$1.00 to 2.00; stockers and feeders, \$2.00 to 3.00.
Hogs—Receipts, 25,000. The initial mar-
ket was featured by a 50-cent gain, follow-
ed by a break which took off most of the
advance. Hogs sold in droves at \$6.50,
and the previous day's price of \$6.00 was
a record. Mixed and butchers, \$3.50 to 4.00;
good to choice heavy, \$4.50 to 5.00; rough
heavy, \$3.50 to 4.00; light, \$3.00 to 3.50;
sales, \$4.50 to 5.00; pigs, \$3.50 to 4.00.
Sheep—Receipts, 22,000. Trade was steady
at the start, but gave way to activity. The
choice, heavy wool lambs and prime heavy
sheep were in excellent demand and were
taken early, but the bulk of the stuff was
left of sale.

ST. LOUIS LIVESTOCK MARKET

St. Louis, April 2.—Cattle—Receipts, 4000.
The market was steady. Beef steers, \$3.25
to 3.50; stockers and feeders, \$2.00 to 3.00;
cows and heifers, \$1.00 to 2.00; Texas steers,
\$3.00 to 4.00.

POLICE NEWS.

As a sequel to the cutting affray which took place a few evenings since John Gladden caused the arrest of John Merriek for disturbing the peace and Merriek returned the compliment by having Gladden arrested for the same cause.

William Beckard and James Miller were arrested by Officers Murgatroyd and Trahey respectively for drunkenness.

Edward Able was arrested for disturbing the peace by Captain Kennedy.

Roy Moxley was taken in by Captain Kennedy and Officer Tuitt for disorderly conduct.

John Merriek was arrested by Chief Davis for disturbing the peace and J. J. Gladen by Officer Preston on a charge of assault and battery.

Rev. C. O. Burton has returned from a delightful trip to the south-west where he had a number of pleasant experiences.

See F. L. Hairgrove's omnibus ads on page 3 in regular space.

Dr. Harvey W. Wiley, chief of the bureau of chemistry of the department of agriculture, is nothing if not cheerful. He told the house committee that has the pure food bill under consideration, there is no one in this broad land who does not live, to some extent on poison. "There is not a food we eat that does not contain some poison," declared Dr. Wiley, gleefully. Then he plunged into technical explanations, while cold chills chased themselves up and down the spinal columns of his auditors. However, none of the members of the committee has lost his appetite to any great extent as a result of the exposure.

WABASH SUBWAY

Was Under Consideration at Conference of Council Committee, County Commissioners and Others.

The special committee of the city council consisting of Ald. Hairgrove, chairman, Ald. Capps and Ald. McGinnis, appointed to investigate the matter of a subway under the Wabash at the East State street crossing, met the county commissioners, the commissioner and clerk of road district No. 7, and twenty-five or thirty of the farmers living east of the city, Monday at the scene of the proposed improvement. The conference was called by the committee for the purpose of explaining their plans to all concerned, and the proposition they put up to the commissioners was the one recently mentioned in the Journal; namely, to continue the street due east to a point opposite the present road running north from the state road just west of the bridge, thence turning north under the track to the state road. The plan was discussed at length, and it is now up to the county authorities.

WILL LOWER TOLL RATES.

C. H. Battger, superintendent of the Springfield division of the Central Union Telephone company, verified dispatches from Kansas City, to the effect that the company had decided on a decrease in the toll charges in the states of Illinois, Iowa, Indian Territory and Nebraska. The schedule was put into effect in Missouri and Kansas at midnight Saturday and twenty-eight hundred cities and towns in the two states were affected.—Springfield News.

WELCOME SPRING

Marks Beginning of Outdoor Sports and Pastimes—Interest in Athletics This Season Promises to be Unusually Keen.

With the advent of spring a new interest is aroused in outdoor sports. The youngster ransacks the house for his last year's baseball and bat and a diamond is laid out on every piece of vacant property permissible. Baseballs from five cents to the regulation league sphere are eagerly sought and teams galore are organized for neighborhood, ward and city championships. The beautiful blue grass fills the mind of the girl with lawn tennis and basket ball, while older ones of both sexes begin to polish up their golf sticks and stroll out to take a look at the links. Gossip is heard regarding the Driving club matinees and from the pastimes and amusements of the shut in months our attention is directed to the outdoor sports that number their devotees by the thousands.

In Jacksonville this season the interest in sports should be greater than heretofore. The organization of the local baseball club and its participation as a factor in the Kitty league will tend to renew the interest of every old fan that has watched the clubs of years gone by and who still enjoy running through the columns of the sporting page of the city daily just to see what the clubs are doing.

The opening of the Country club season is always an event of social interest and while golfing is usually enjoyed before this date, nevertheless the opening of the club house, which has heretofore taken place May 1, really ushers in that pleasant pastime.

The driving club will probably hold their regular matinees and two athletic meets on college hill, with the schedule of the college baseball team will make athletics lively on the college oval for many weeks.

Nichols park will no doubt be the scene of many picnics and public gatherings and these outdoor carnivals are not often without their athletic program.

Again this is the season of the bicyclist, the motorcyclist and the automobilist and those who find their pleasure in simply riding over the streets of the city or sitting idly by the side of some parking stream with rod and line, will join in the loud acclaim that welcomes spring.

Edw. birth has been proposed by Prof. John L. March, of Union college, Schenectady, N. Y. His suggestion is that all property, with the exception of a certain amount in cash, and the homestead, which shall be inheritable as at present, shall revert to the state upon the death of the owner. The widow and children then shall receive an annuity based on the amount realized upon the property, this annuity to cease upon the marriage of the widow or daughters and with the completion of the sons' education.

The condition of Miss Nellie Magill, who is a patient at Our Savior's hospital, continues satisfactory and her friends will be pleased to learn of her improvement.

Four battleships cost more money than is given by all Protestant Christendom for missions.

FUNERALS

The funeral of Nancy Alice Filkin was conducted from the Salvation Army hall Sunday afternoon at 2:30 o'clock, in charge of Mrs. Ensign Durrell, of Kansas City. A number of other members of the Army also spoke. Miss Reid sang a sacred selection, and Misses Stella and Myrtle Swallow, two little girls, sang a duet. The interment was in Jacksonville cemetery.

Nancy Alice Filkin was born in Pekin, Ia., 20, 1903, and died in Jacksonville March 31. She leaves her parents, Mr. and Mrs. Charles Filkin, one brother, Richard, and two sisters, Cora and Nora.

The funeral of Harold Oliver was conducted from the residence of his grandfather, Emanuel Goveia, Sunday afternoon at 2:30 o'clock, in charge of Rev. R. E. Cressley. There were numerous beautiful floral tributes which were in charge of Misses Henrietta Oliver, Nettie DeFreitas, Lena Goveia and Mollie DeFreitas. At the conclusion of the services the remains were laid to rest in Jacksonville cemetery. The bearers were Leonard Goveia and Edward, Harry and Benjamin Oliver.

CUBA AND ITS PEOPLE.

F. E. Budanau, M. D., of Havana, Cuba, lectured at the A. M. E. church Monday night on Cuba and its people. A large number were present who listened to the lecturer with much interest. Mr. Budanau preached at the Baptist church Sunday morning and at the A. M. E. church Sunday night. To night he will give another lecture at the Baptist church.

While he lives in Havana, Cuba, he received his education at Harvard and is now giving his lectures in the United States, in the interest of the children of Cuba, so that they may be placed in the schools of this country. Mr. Budanau is one of the commissioners of education of Cuba and will spend four years in this state.
